

# LIST OF CORRECTIONS

This publication has been prepared primarily by assembling and binding the maps and tabular materials originally issued in the separate PC(1)-A, B, C, and D final reports for the State. This plan was adopted in order to conserve public funds. The corrections listed below represent changes which would ordinarily have been made if this publication had been prepared by reprinting these maps and tabular materials. Those items with an asterisk (\*) consist of

errors which affect not only the specific figure(s) mentioned but also affect other data in this publication. Among the other data which might be involved are the statistics for a larger area of which the particular area is part and the statistics by such classifications as urban-rural residence and size of place. The user can, of course, carry through these types of changes if he thinks them worthwhile.

Pages 43 and 132, tables 19 and 28\*  
The number of inmates in table 28 shown for Lake County excludes approximately 84 persons who were misclassified as "other" persons in group quarters. This misclassification also affects the corresponding number for the State, shown in table 19.

Pages 66 and 68, table 21\*  
The number of inmates shown for Gary city and for Gary-Hammond-East Chicago Standard Metropolitan Statistical Area excludes approximately 84 persons who were misclassified as "other" persons in group quarters. The number of inmates shown for Chicago-Northwestern Indiana Urbanized Area and for Chicago-Northwestern Indiana Standard Consolidated Area excludes approximately 810 persons who were misclassified as "other" persons in group quarters.

Page 313, table C-2  
The nonresponse rates for "Birth date, decade unknown" erroneously exclude nonresponses for group quarters members other than inmates.

Pages 314 and 316, tables C-2 and C-3  
Delete "Notes" at end of tables. Nonresponse allocation rates for family income are somewhat overstated; for a detailed discussion, see text, p. XLII.

Pages 437-469, tables 122 to 124  
On each page showing Male, Operatives and kindred workers, the line reading "Furnacemen, smeltermen, and heaters" should be changed to "Furnacemen, smeltermen, and pourers."

Page 550, table D-1  
The following explanatory footnote should be keyed to the line for "Not reported" in the section on "Relationship":

Limited to persons who were allocated to the categories "Wife of head," "Other relative of head," or "Nonrelative of head."

Page 550, table D-1  
The category "Not reported in decade or year" under "Age" erroneously excludes non-responses on decade of birth for group quarters members other than inmates.
